From Conception to Natural Death*

## Adoration for Life

Adoration for Life has been a remarkable experience beginning with a meeting with the Sisters of the Fraternity of the Poor of Jesus Christ, who arrived in the KW area over a year ago.

They asked me what the greatest problem is that we have in the prolife movement today in Canada. I told them it was lack of unity in message and advertising across the country.

It was suggested by Sister Immolotia that prayer before the Blessed Sacrament and in Prayer Centres may help to unite all prolife groups of all religious denominations as it is the most powerful way to end

the evil of abortion, through prayer and fasting.

So KW Right to Life advertised across Canada the idea the Sisters and I came together on for Adoration.

To spread Adoration and Prayer before the Blessed Sacrament we advertised to the KW area and the provincial prolife groups and the national prolife groups.

We are getting a good response of interest and support from a couple of Bishops and several priests.

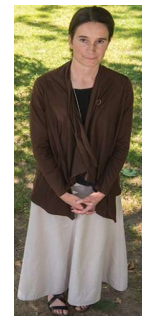

We hope to expand to all faith traditions so that every month there will be a continuous hour at adoration

chapels and prayer centres across Canada. This is unity in its purest form.

The Order of Sisters are new to Canada and have now moved to Hamilton. Our year with them has been a powerful experience with their presence here— Angels of Mercy.

Alex Matan, a Board member gave us the car for the Sisters and we are now selling the vehicle. Alex always looks after us in a big way just like you do. Thank you to Alex, the Sisters and to all of you!

## Mary Wagner wins freedom – the unborn still die

On Thursday, September 12, 2017 the day of the Most Holy Name of Mary, 43-year old Canadian, pro-life activist Mary Wagner's sentencing took place. It was at the Old City Court House in Toronto, ON at 10 AM., in front of 45 supportive people including two other courageous pro-life activists, Linda Gibbons and Mary Bernie.

There were 850 reference letters in support from all over the world (especially Poland, where Mary is a pro-life heroine) 34,000 e-mails; about 67,000 who signed a petition in support of Mary and the unborn. Miss Wagner speaking for herself several times repeated that she wouldn't be in court if this was not about "life and

death".

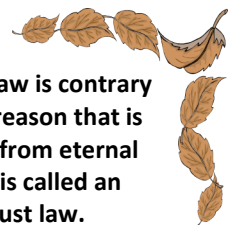

Judge Erick Libman said to her he "does not want to lose the fact of your contribution to society".

Mary's sentence was 30 months probation - no more jail time - 50 hours of community service.

—part of Dr. Andrew Caruk's account of the trial.

When a law is contrary to right reason that is derived from eternal law, it is called an unjust law.

- St. Thomas Aquinas

## Lukewarm

Often those who seem lukewarm about abortion feel that way because of the idea that was put forth to society in a big way at the time of “Roe vs Wade.” Women who wanted an abortion were in danger of injury or death because they were going to back-street abortionists. The solution was to make abortion legal so that these women would be safe. At the time Dr. Bernard Nathanson was the head of what is now called Planned Parenthood. To push

the ‘legalize abortion’ agenda he and his colleagues lied by grossly inflating the number of women injured during an illegal abortion. We know this beyond a shadow of a doubt because Dr. Nathanson subsequently left that group and became an advocate of the pro-life movement. He has stated clearly that the agenda was to turn public opinion in favor of legalizing abortion, which it did. Now we have legal abortions that are unregulated and just as dangerous if not more so than before abortion became legal. In other words, we now have legalized illegal abortions. Some of the most dirty unsafe clinics that have been found out have indeed been shut down but there is still a long

way to go. Yet many in our present society still worry that if we make abortion illegal, women will be put at risk. You would think that after all these years this information would be readily available and everyone would know the truth about this tragedy of justice for both mothers and babies but they don’t. Imagine a well-meaning person who is leaning towards the pro-life side, yet still worries that an illegal abortion is more dangerous to our daughters or maybe our friends who have made the decision to have an abortion. That’s just enough disinformation to tip the scales in favor of legalized abortion.

- Nancy Menard KW RTL Treasurer

- St Mother Teresa of Calcutta

## “The greatest destroyer of peace today is abortion”

St. Mother Teresa of Calcutta said; “The greatest destroyer of peace today is abortion”.

What does she mean by that?

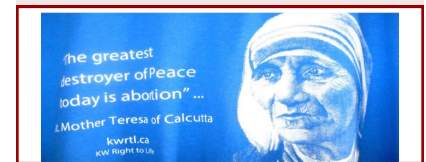

It is the cultural disarmament of moral values leaving women and men emotionally and morally depleted robbing them of inner peace.

What is confusing today is the degree of importance the value of human life has at every stage. For instance, in some people’s mind unemployment is a greater wrong than abortion and unemployment is a reason to abort. One of

many reasons. Working for Right to Life we hear every possible reason why people want to abort and every possible negative consequence from abortion.

A godless society has conditioned us to place little or no value on preborn human life and now since euthanasia has become legal, the end of life issues slide further into obscurity.

People have chosen to let morality slide. The historian Arnold Toynbee observed that society begins to crumble when the morals of the underclass become mainstream. We can see it today

in promiscuity, pornography and abortion and how they affect all of society whether we want to know it or not.

What is down the road for us if the trend is not reversed?

*Change ourselves—Change others!*

## Ways to strengthen our spirits against secular ways that infiltrate our lives

KW Right to Life offers resources to help combat the counter culture of anti-life, anti-family forces.

Prayer cards, CDs, videos and pamphlets are available for you to help others, your children and grand children.

Above all we pray that we will never be silent about abortion but rather clearly speak up to save babies from death.

KW RTL intends to hold Adoration for

Life every month in various churches.

As of Sept. 2017 we have held 4 Adorations for Life at different churches. If you would like to have such an hour at your church please call the office at 519.746.5433 for help on how to conduct the hour or these prayers can be said at various prayer groups or centres as well in all churches.

There are new resources at the office that you can borrow and purchase.

Two new books are:

*Culture Wars* by Jonathon Van Maren and *Midwife for Souls, Spiritual Care for the Dying* -by Kathy Kalina

Office contact: jane@kwrtl.ca or call 519.746.5433

*Pray to end abortion*

Beautiful new & mixed Christmas cards (10 for \$10)

# This Christmas Season help us win the battle for protection of vulnerable life

Follow KW Right to Life on facebook where we have frequent updates on coming events and information on

current events. As you know from our many events and activities we are at work constantly to keep you informed and at your service. Every year with the help of our Board of Directors and over 150 volunteers we are able to respond to an average of 500 requests for information and resources—30-40 speaking engagements & displays—counsel 30-40 requests for help with pregnancies plus we have helped women and men overcome their burden of loss from abortion and given them counsel.

We produce publications for education and advertising that include; documentaries, filming guest speakers for our web-site kwrtl.ca and send and distribute over 20,000 pieces of literature every year.

Our awareness programs for churches and the public offer help to those in need of resources including many students at every level of education.

We support 11 prolife groups including intern sponsorship for leadership rolls for prolife students.

With an outreach to many thousands through various marches, walks and prayer vigils we are constantly trying

to keep up with replenishing our resources. It all costs money.

Our very limited staff altogether works less than 20 hours a week and volunteer 1 hour or more for every paid hour.

Be a **Christmas Angel** and give a one time or monthly donation through CanadaHelps. Go our web-site: [kwrtl.ca](http://kwrtl.ca) **Contact us** where you will find 3 buttons to choose from:

## Abortion Statistics in Canada and taxpayer funded Chemical Warfare RU486

Public Health and educators are extolling the recent statistics that abortion rates are down. They are misconstruing the truth since many abortions are not reported, to be specific, clinics are not required to report at all. In fact just this past year KW Right to Life held a fundraiser to support WENEEDALAW 's court case for refusal of Ontario to even allow any statistics to be made public. WNAL won their case last February.

Since May 2017 Ontario tax payers are footing the cost of legalized chemical warfare on the preborn and their moth-

ers up to 7 weeks of pregnancy. In some cases mothers using the abortion pill RU-486 experience excessive blood loss, pelvic inflammatory disease leading to sterility and even septic shock causing death.

The first pill mifepristone blocks progesterone, starving the baby to death. The second pill misoprostol induces hemorrhaging and the baby is expelled.

RU 486 can include incomplete abortion and emotional difficulty after facing the abortion at home, often alone.
