The Future of our Country is at stake.

By Jane Richard President

Laws are rapidly being created to progress the agenda of some who want to change history to suit themselves. From gender ideology to artificial rights for women and the total disrespect for unborn human life we find Canada becoming a Godless society. Well, maybe climate change is the new god. The whole thing is nihilistic and the situation reminds me very much of a book I am reading called THE NAKED COMMUNIST by Cleon Skousen. It tells about the systematic changes for decades to bring down a moral democracy.

There is a book that many are subverting and it is called the BIBLE. By dismissing God's promise to have a good life, many have brought pain and retribution on themselves by discarding His laws.

Of the 2,462 babies that were found recently in an abortion doctor's home in Indiana, Father Frank Pravone from Priests for Life said the bodies of babies are a sign of rehumanizing children from abortion after they have been dehumanized in the cruellest way. Fr. Frank will give the babies a good burial when they are released from the authorities. Many people offered names for the babies including my household after a Rosary prayer for them on UTUBE September 23rd, 2019.

We hope that people of good will vote Prolife on election day, October 21st, 2019 and help save many future lives. The preborn babies in danger of abortion are counting on us.

US Trump Administration Working for Prolife at the UN

Lifenews.com

The US Trump administration is encouraging countries across the world to stand up for the rights of unborn babies by opposing radical pro-abortion policies at the United Nations. In a letter leaked to the Guardian and reportedly signed by Secretary of State Mike Pompeo and Health and Human Services Secretary Alex Azar, the United States urged countries to join a "growing coalition" in opposing the "harmful" pro-abortion agenda.

"We remain gravely concerned that aggressive efforts to reinterpret international instruments to create an international right to abortion and to promote international policies that weaken the family have advanced through some United Nations fora," the letter stated.

Such phrases have "been asserted to mean promotion of abortion, including pressuring countries to abandon religious principles and cultural norms enshrined in law that protect unborn life," the letter continued.

In 2017, Trump officials stopped funding a United Nations agency linked to forced and coerced abortions. The United Nations Population Fund (UNFPA) "partners on family planning activities with the Chinese government agency responsible for these coercive policies," the administration said in defense of its decision. China's oppressive one child policy, recently changed to a two-child limit, has led to forced and coerced abortions up through nine months of pregnancy, as well as forced and coerced sterilizations.

In April, Trump officials also intervened to stop the UN from supporting abortion in a resolution to protect victims of rape.

The Trump administration has been changing national and international policies to prioritize real human rights issues, including protections for unborn babies, as well. In 2018, the State Department removed references to the so-called "right" to abort an unborn baby from a global human rights report. - LifeNews.com Sept. 24, 2019

Seven copies of **Forgiven and Set Free** were donated by KW Right to Life to Mary Wagner when she was incarcerated at the Alouette Centre for Women in Vancouver for her Red Rose Rescue work at abortion mills throughout Canada. These pro life Bible study books will help post abortive inmates recover from their abortion experience. The book is available at the RTL Office at 215 Lancaster St. W. Kitchener 519.746.5433

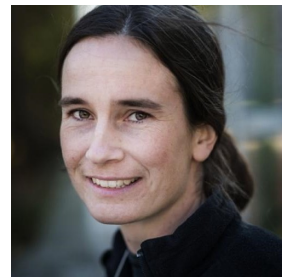

Mary attested that God provides for all her needs through her supporters over these last 20 years of her Pro-life work (when she was asked what kind of work she does.)

Of such as these, commented Immolatia, Jesus has said: *Blessed are those who are persecuted for righteousness' sake, for theirs is the kingdom of heaven. Blessed are you when men revile you and persecute you and utter all kinds of evil against you falsely on my account. Rejoice and be glad, for your reward is great in heaven, for so men persecuted the prophets who were before you* (Matthew 5:10-11).

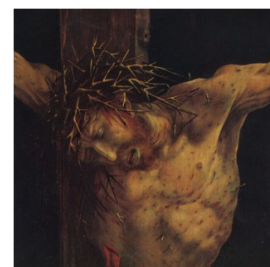

Immolatia wrote: Mary was found guilty of mischief and the Crown was asking for 6 months imprisonment. Mary had already served five months at the time of her conviction on September 10, 2019; adding time and one-half as is required by law, Mary had already served seven months plus, so she was released on September 11. I was at the trial with her, as were about 16 other supporters, including her father and mother. Happily, she is now back with her family in Victoria, B.C.

I am sending to you the LifeSite News links to the reports about Mary. The reach and expanse of her voice for the unborn continues to grow. She had supporters in Argentina who were praying for her; our friend, Will Goodman, said that her message also has reached Mexico and countries in Africa. Here is the link; it is the first three articles that relate to the latest case: <https://www.lifesitenews.com/tags/tag/mary+wagner> *
