Abortion

Canada's Justice Minister David

Lametti (address is on page 4) will be introducing changes to the euthanasia law after government did not appeal the Truchon court decision that struck down the "terminal illness" requirement in the law. The federal government stated they will do a 5 year review of the euthanasia law in June 2020. In a CBC Radio-Canada interview, Lametti said that he may expand Canada's euthanasia law to include people who are unable to consent to die, but had previously consented and he may expand the eligibility age to allow 14-year-olds to die by euthanasia.

Total deaths from Dec 2015 to Dec 31, 2018 = 7949

March for Life Washington DC Jan. 24, 2020

Brendan Kavanaugh - I was honoured and blessed to have represented the KW Right to Life this weekend in Washington D.C. at the Worlds Largest March for Life!! There were literally hundreds of thousands of people at the Rally and March! They were speaking out for the rights of the unborn children in the womb!! Praise God, the average age of the people at the Rally and March were in their 20's which is a great sign for the future! The highlight of the Rally was President Trump being the first President in history to speak in person at a National March for Life!! He is a Great President who truly does care for the rights of the unborn!! Praise God for the bold and courageous people who took time out of their busy lives to Rally and March for the defenceless, precious babies in the womb!! They are real hero's stepping out to be Father Gods Warriors against the evil and diabolical murdering of these babies!!

MARCH FOR LIFE
Ottawa May 14, 2020
MARCH FOR LIFE
Toronto (TBA)

An Urgent Request:

To pray for those who will fully mask their hypocrisy and desecrate the sanctuary of the womb by destroying preborn life.

Whose misplaced compassion seeks to offer death instead of real love and caring for those who suffer from physical and mental pain.

Their ignominy is a private and a public disgrace.
