Promoting the Sanctity of all Human Life From  
Conception to Natural Death

**The Gospel of Life** (Evangelium Vitae from Chapter 3) accepted that "the decision to have an abortion is often tragic and painful for the mother" although this can "never justify the deliberate killing of an innocent human being".

God proclaims that he is absolute Lord of the life of man, who is formed in his image and likeness (cf. Gen 1:26-28). Human life is thus given a sacred and inviolable character, which reflects the inviolability of the Creator himself.

As explicitly formulated, the precept "You shall not kill" is strongly negative: it indicates the extreme limit which can never be exceeded. Implicitly, however, it encourages a positive attitude of absolute respect for life; it leads to the promotion of life and to progress along the way of a love which gives, receives and serves.

From the beginning, the living Tradition of the Church—as shown by the Didache, the most ancient non-biblical Christian writing—categorically repeated the commandment, "You shall not kill": In accordance with the precept of the teaching: you shall not kill ... you shall not put a child to death by abortion nor kill it once it is born.

Among all the crimes which can be committed against life, procured abortion has characteristics making it particularly serious and deplorable. The Second Vatican Council defines abortion, together with infanticide, as an "unspeakable crime".<sup>54</sup>

But today, in many people's consciences, the perception of its gravity has become progressively obscured. The acceptance of abortion in the popular mind, in behaviour and even in law itself, is a telling sign of an extremely dangerous crisis of the moral sense, which is becoming more and more incapable of distinguishing between good and evil, even when the fundamental right to life is at stake. Given such a grave situation, we need now more than ever to have the courage to look the truth in the eye and to call things by their proper name, without yielding to convenient compromises or to the temptation of self-deception. In this regard the reproach of the Prophet is extremely straightforward: "Woe to those who call evil good and good evil, who put darkness for light and light for darkness" (Is 5:20). Especially in the case of abortion there is a widespread use of ambiguous terminology, such as "interruption of pregnancy", which tends to hide abortion's true nature and to attenuate its seriousness in public opinion. Perhaps this linguistic phenomenon is itself a symptom of an uneasiness of conscience. But no word has the power to change the reality of things: procured abortion is the deliberate and direct killing, by whatever means it is carried out, of a human being in the initial phase of his or her existence, extending from conception to birth.— The Gospel of Life Now, St. John Paul II

## Micro-Chimerism

“When pregnant, the cells of the baby migrate into the mother’s bloodstream and then circle back into the baby. It’s called “fetal-maternal micro chimerism”. For 41 weeks, the cells circulate and merge backwards and forwards, and after the baby is born, many of these cells stay in the mother’s body, leaving a permanent imprint in the mother’s tissues, bones, brain, and skin, and often stay there for decades. Every single child a mother has afterwards will leave a similar imprint on her body, too. Even if a pregnancy doesn't go to full term or if you have an abortion, these cells still migrate into your bloodstream. Research has shown that if a mother's heart is injured, fetal cells will rush to the site of the injury and change into different types of cells that specialize in mending the heart. The baby helps repair the mother, while the mother builds the baby. How cool is that? This is often why

certain illnesses vanish while pregnant. It’s incredible how mothers bodies protect the baby at all costs, and the baby protects & rebuilds the mother back so that the baby can develop safely and survive. Think about crazy cravings for a moment. What was the mother deficient in that the baby made them crave? Studies have also shown cells from a fetus in a mother’s brain 18 years after she gave birth. How amazing is that?” If you’re a mom you know how you can intuitively feel your child even when they are not there....Well, now there is scientific proof that moms carry them for years and years even after they have given birth to them. I find this to be so very beautiful. This phenomenon, known as fetal–maternal micro-chimerism, describes the identifiable presence of more than one set of genes in the bloodstream or in other tissues and organs. \* (Hird, 2004a; Martin, 2010a, 2010b)

## Spiritual Warfare

is the Christian concept of fighting against the work of preternatural evil forces. It is based on the biblical belief in evil spirits, or demons, that are said to intervene in human affairs in various ways. (Wikipedia) It may not be obvious at all times and places, although in these times it is easier to recognize it and the effects because it all comes together to those who are aware of the larger agenda or the “big picture.”

Some think it is subjective and whatever they feel, is the truth. Or they may be afraid to face it as they do not know how to fight against it, so they keep quiet or even embrace it. The word evil has lost meaning in today’s world since people are conditioned to believing that it is not real.

KW Right to Life exists because our Mission Promotes the Value of Human Life at all stages. “I place before you Life and Death, Blessing and Curse. Choose life so that you and your children will live.” Deuteronomy 30:19

### Adoration for LIFE

Locations: Anywhere there is an Adoration Chapel or Adoration in the main part of the Church close to the first Friday of the Pro Life Meditations of the Mysteries of the Rosary

St. Frank Passeri, Priests for Life, LUMINOUS MYSTERIES  
 Christ is Baptized in the Jordan

When Christ is baptized, the father's voice is heard: "This is my beloved son." All are called to become adopted sons and daughters of God through Baptism. We pray that children in the womb may be protected, so that they may be born and welcomed into the Christian community by baptism.

Christ is made known at the Wedding of Cana  
 Jesus revealed His glory by the miracle of Cana. The new couple was blessed not only with wine, but with faith in Christ. Let us pray for strong marriages, rooted in the Lord and open to the gift of new life.

Christ proclaims the Kingdom and Calls All to Conversion  
 "Repent and believe the Good News." Let us pray that these first words of Jesus' public ministry may be heard by all who have committed abortion. May they know that the Lord calls them to conversion and may they experience life-giving repentance.

The Transfiguration  
 Christ is transformed on the mountain and the disciples see His glory. May the eyes of all people be transformed, that they may see each and every human life as a reflection of the glory of God Himself.

Jesus gives us the Eucharist  
 "This is My Body, given up for you." The Eucharist teaches us how to live and how to love. Let us pray that parents who sacrifice the babies for the sake of themselves may learn instead to put themselves aside for the sake of their babies.

Prayer and fasting are the best and most effective weapons against the forces of evil. Mt. 6:16-18
